

# Axtel Prime X1 Mono

## Freedom of Communication in Business and Mobility

The Axtel Prime X1 wireless headset was designed for offices and customers alike who consider unrestrained communication and mobility to be a vital part of their business development. The headset possesses the ability to efficiently integrate a solution with a desk phone. Its range of up to 200 meters allows for unrestrained calls while still remaining mobile. The headphones provide both mobility and the highest quality of calls and facilitate performing various tasks and activities during a call. It provides perfect conditions for extended phone calls and long conversations, including battery efficiency which reaches up to 10 hours without charging.
