- Auto Focus and White Balance
- High definition speaker
- USB-C / USB-A Plug & Play connection

Name	AX-FHD Portable Webcam
Category	Professional
Video Resolution	Full HD 1080p
Frame Rate	30 FPS
Field of view	96 degree
Focus Adjust	Auto Focus
Microphone	Internal Digital 4-element microphone
Min. Sensivity	f/2.8
Lens	Optical glass lens
Image Sensor	1/2.9 inches CMOS
Focal length	2,7 mm fixed focus
Video Coding	YUV, MJPEG
Plug&Play	Yes
Connection	Hi-speed USB-C / USB-A adapter
Compatible	Windows / Mac / Linux
Cable length	0,7 m
Warranty	1 year
Part Number	AX-FHD-PW

Description:

The AX-FHD Portable Conference Speaker Webcam allows users to turn any room into a smart conference room. It provides artificial intelligence (AI) features such as an advanced background Noise Cancellation, Voice Optimization and Full Duplex technology, which allows for optimal reception of sounds coming from multiple directions.

The AX-FHD Portable Webcam offers excellent 16:9 aspect ratio image quality in Full HD 1080P resolution, a wide angle view up to 96°, as well as optimal anti-flicker and an effective frame rate of 30 FPS. Excellent visual experience is further ensured by distortion-reducing glass lenses, high-performance sensor - 1/2.9 inch CMOS, Auto Focus and white balance. In addition, this mobile device features an advanced 4-element MEMS microphone with 3D noise reduction for effective sound reception from up to 3 meters away, and a premium full band speaker.

The AX-FHD Portable Webcam is made of high-quality, durable yet pleasing materials, has a modern design, compact size and ultra light weight, which makes it ideal for business travel. The device comes with an integrated 70 cm USB-C cable with adapter to a USB-A connection, while its control is extremely simple and intuitive thanks to Plug & Play function and compatibility with most popular operating systems such as Windows / Mac / Linux.
