Description:

The Elite MS is a professional headset from the UC Series and is characterized by its crystal-clear HD sound. The outstanding noise-cancelling technology, intuitive USB connection, and Plug & Play function bring business communication to the next level by making it simple and intuitive. The Elite MS is designed with care for every single detail. The rotating structure of the earphone, smooth regulation of the headband, soft ear cushions, and flexible microphone guarantee comfortable use over an extended lifespan. The functional USB-A remote control makes usage easy and intuitive. The exceptional construction of the Elite MS combines unique design with top-quality, scratch-resistant materials that meet the needs of even the most demanding clients.
