Description:

The Axtel Voice 28 is a direct business headset designed for every type of work environment, from stationary office workers to remote mobile users who prefer to work on the move. The Voice headset comes with a 2,5 mm jack plug that facilitates convenient integration with all smart devices. The headset is available with 28 mm internal, Leatherette speakers and a soft headband that guarantee extra comfort during extended use. Larger ear plates ensure advanced noise cancellation by isolating the user from any loud surroundings while crystal-clear stereo sound allows for undisturbed, high-quality conversations.
