

Axtel VOICE UC40 HD mono/duo NC

Crystal Clear Audio in Every Environment

The Axtel VOICE UC headsets, designed for softphones, offer clear HD sound quality for calls, music and multimedia in dynamic office and home environments. Depending on your exact needs, VOICE comes in model with 40mm internal speakers that offer unrivalled enjoyment of music or other multimedia. The noise cancelling microphone ensures that ambient sounds do not interfere with the other party's capability to hear and understand the caller. The leatherette earpads in VOICE 40 isolate the user from ambient sounds, allowing for full concentration. The flexible microphone and solid headband construction with leatherette cushions guarantee a comfortable solution for everyday use.

An easy-to-use control unit allows for easy management of basic functions and offers lighted buttons for user feedback. The UC models of the VOICE series additionally offer a busy light on the microphone that signals the surroundings that a call is ongoing.
