### Description:

Unrivalled comfort, outstanding audio, and enterprise-grade reliability. Axtel Ace is built for high-demand environments like large contact centers, offices and BPOs, where extended use and crystal-clear communication are essential. Featuring a dual-microphone system with Environmental Noise Cancellation (ENC), it ensures clear conversations even in the noisiest conditions. Its ultra-lightweight build, premium vegan leather cushions, and sleek matte black finishes provide all-day comfort, minimizing fatigue during long shifts. With 40 mm HD stereo speakers, automatic gain control, and digital signal processing, Axtel Ace delivers consistently high audio quality for endless calls. Designed for large-scale deployments, it offers plug-and-play USB connectivity, simplifying installation and scaling across teams. Integrated inline controls enable effortless call management, muting, and volume adjustments. Available in stereo and mono versions, Axtel Ace adapts to diverse work styles, and its cost efficiency makes it ideal for upgrading peripheral headset infrastructure in large operations seeking comfort and performance. With its unbeatable combination of all-day comfort, cutting-edge audio performance, and seamless functionality, Axtel Ace stands out as the ultimate choice for professionals who demand the best. Choose Axtel Ace and experience the next level of professional communication.
